

CHAMPS Safe Implementation of Evidence-Based Maternity Practices

Thursday, June 27, 2019

9am - 11:30am

Registration is closed.

Singing River Hospital

Turner Conference Center

2809 Denny Ave.

Pascagoula, MS 39581

This animated and interactive course is designed to provide guidance on safe implementation of skin-to-skin and rooming-in practices as part of the Baby-Friendly Hospital Initiative. The training engages attendees to process clinical information and recommendations from the American Academy of Pediatrics through an interactive, case-based, and user-friendly platform. The course is FREE for hospitals enrolled in CHAMPS. For general information regarding the training, please email the CHAMPS team at CHAMPSbreastfeed@gmail.com

Meet the Trainer: Cathy Carothers

Cathy Carothers, BLA, IBCLC, FILCA, is an International Board Certified Lactation Consultant since 1996, and a national breastfeeding promotion and support expert. She has provided more than 650 lactation workshops and training programs in every U.S. State and territory and many countries. The former president of the International Lactation Consultant Association and chair of the U.S. Breastfeeding Committee, she has developed national breastfeeding training curricula for the USDA WIC program, and spearheaded the national Supporting Nursing Moms at Work initiative for the HHS Office on Women's Health.

Communities and Hospitals Advancing Maternity Practices is funded by the W.K. Kellogg Foundation
